

Overlap Between Evidence-Based Practices Identified by the National Professional Development Center (NPDC) on ASD and the National Standards Project (NSP)												
Evidence-Based Practices Identified by the National Professional Development Center (NPDC) on ASD	Established Treatments Identified by the National Standards Project (NSP)										Comprehensive Behavioral Treatment for Young Children	Joint Attention Intervention
	Antecedent Package	Behavioral Package	Story-based Intervention Package	Modeling	Naturalistic Teaching Strategies	Peer Training Package	Pivotal Response Treatment	Schedules	Self-Management			
Prompting	X			X							The NPDC on ASD did not review comprehensive treatment models. Components of The Comprehensive Behavioral Treatment of Young Children overlap with many NPDC-identified practices.	The NPDC on ASD considers joint attention to be an outcome rather than an intervention. Components of joint attention interventions overlap with many NPDC-identified practices.
Antecedent-Based Intervention	X											
Time delay	X											
Reinforcement		X										
Task analysis		X										
Discrete Trial Training		X										
Functional Behavior Analysis		X										
Functional Communication Training		X										
Response Interruption/Redirection		X										
Differential Reinforcement		X										
Social Narratives			X									
Video Modeling				X								
Naturalistic Interventions					X							
Peer Mediated Intervention						X						
Pivotal Response Training							X					
Visual Supports								X				
Structured Work Systems								X				
Self-Management									X			
Parent Implemented Intervention	The NSP did not consider parent-implemented intervention as a category of evidence-based practice. However, 24 of the studies reviewed by the NSP under other intervention categories involve parents implementing the intervention.											
Social Skills Training Groups	Social Skills Training Groups (Social Skills Package) was identified as an emerging practice by the NSP.											
Speech Generating Devices	Speech Generating Devices (Augmentative and Alternative Communication Device) was identified as an emerging practice by the NSP.											
Computer Aided Instruction	Computer Aided Instruction (Technology-based Treatment) was identified as an emerging practice by the NSP.											
Picture Exchange Communication	Picture Exchange Communication System was identified as an emerging practice by the NSP.											
Extinction	Extinction (Reductive Package) was identified as an emerging practice by the NSP.											

Table 1.  
Evidence-Based Practices from NPDC and NSP  
(Hume & Odom, 2011)
